# BUMPER BOATS

The bumper boat pond featured here is Jaydee's Family Fun Center in Inwood, WV. It utilized Uniwall's unique ability to form boat docks. We feel the docks not only make it safer for getting in and out of the boats, it is aesthetically much more appealing. And the smooth surface of the fiberglass is easy on the boats.

We appreciate Terry Hess of Jaydee's for selecting us and look forward to working with him again.

## & WAVE POOLS

Family Fun recently completed an 18,000 sq. ft. Wave Pool in Scranton, PA. It was designed by C.D.I. Uniwall was double stacked as in Torrent Rivers to accommodate the depth. The wave equipment was furnished by Murphy's Wave.

# IMPERIAL PALACE

Cebu, Philippines

The Imperial Palace resort opened in July. It was built on a 20-acre (8 Hectares) property adjacent to the sea. It features a 557-room hotel, villas and a waterpark. The developer of the property is Phil, BXT Corporation of Seoul, Korea. The waterpark includes the Lazy River, Wave Rider, Beach Pool, Interactive Kiddie pool and Slides.

Family Fun furnished and helped install over 3,000 ft. (915M) of Uniwall. We also furnished all the pumps. We would like to thank chairman Park and his son for choosing Family Fun.
