# Diffazur - Europe's Premier Pool Builders Since 1974

*In association with*

**FAMILY  
FUN®**

*since 1993*

Diffazur is owned and operated by Monique and Gerard Benielli. They are located in Saint-Laurent-Du-Var, France. Since their beginning, Diffazur has strived to be the finest builder in Europe. They are winners of more international pool awards than any other builder in Europe. They started building concrete wall pools but within a few years, introduced gunite pools to Europe. Diffazur quickly became the largest builder in Europe. In 1993, they began their relationship with Family Fun. As you can see by the pictures, they realized the versatility and advantages of Uniwall for some projects. Diffazur builds waterparks, commercial pools and residential pools. They are still Europe's largest gunite builder, but discovered they could expand their market with Uniwall. There were certain projects that could be built quicker with less skilled labor and more economically than gunite. We greatly appreciate their business and support.

# Acualago

## Bucaramanga, Colombia

The following pictures are of an ongoing project in Colombia. This is a large waterpark that features an 800m centerline lazy river, three children's pools, three splash pools, a bowl pool, and a wave pool.

Lazy River

Splash Pool

Family Fun was chosen to supply Uniwall for all the water features. It is located in the center of town and is scheduled to open December-January. We would like to thank Great Parks and ParquesAcuaticos for their assistance in presenting Uniwall and thank all the people at Acualago for allowing us to be part of this outstanding project.
